

Make your own origami money person

What you'll need: Two U.S. currency bills and about 8 minutes.

1. Start with one of your bills face up on a flat surface

2. Fold the top edge of the bill to the middle. Fold the bottom edge of the bill to the middle.

3. Crease the two folds firmly.

4. Fold the left quarter inch of the bill up.

5. Crease firmly to create a small flap

6. Flip the bill over so the seam side is face down. Fold the right edge of the bill to the left edge and crease firmly.

7. Unfold the bill.

8. Fold the right edge of the bill to the center crease.
Fold the left edge of the bill to the center crease.

9. Unfold the left side of the bill, leaving the right side folded over.

10. Fold the right side of the bill to the crease mark approximately one-third of the way across the bill.

11. The bill should look like this now.

12. Flip the bill over and rotate so the at the little flap is at the top of the bill.

13. Pick up the front edge of the seam at the fold line and bend outwards. You will need to bend the bill in half toward you at the fold line to finish the fold. Crease these lines firmly.

14. Repeat the above fold on the other side of the bill.

15. This is what the bill looks like folded in half toward you with the "sleeves" folded properly.

16. Straighten the folds you just made out again.

17. Flip the bill over so that the little flap is facedown and still at the top of the bill.

18. Fold the corners of the bill in at the angle shown to form the "collar".

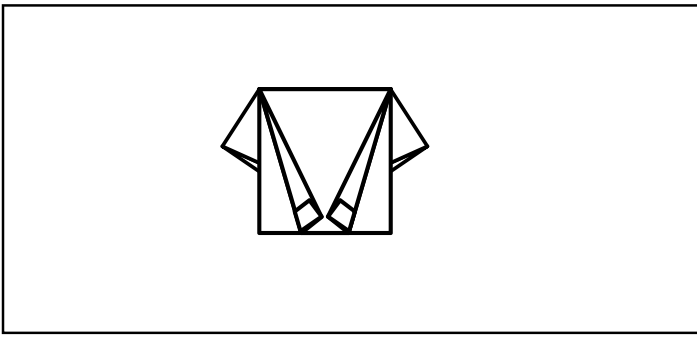

19. This is how it should look when you are done with those two folds.

20. Flip the bill over and pull out the sleeve folds, folding the bill in half as they are pulled outward.

21. This is how the bill should look.

22. Lift the collar end of the bill up, creating a fold approximately halfway up, so that the corners of the collar overlap the top edge.

23. This is what the back of the bill will look like when folded correctly.

24. Flip the bill over and tuck the top edge of the square under the tips of the collar to hold in place. Set the shirt aside. The hard part is over!

25. Place your second bill on a flat surface.

26. Fold in half by bringing the top edge down to the bottom edge.

27. Crease firmly.

28. Fold in half again by bringing the top edge down to the bottom edge.

29. Crease firmly.

31. Attach the legs to the top part of your person with tape or by tucking the top of the legs into the pocket on the back of the shirt.

30. Fold the bill in half by bringing the right edge to the left at a slight angle to form the legs.
